DIRECTOR BUILDING CAMPAIGN

JAMES F. RECORD,
PRESIDENT

February 16, 1924.

Dear Mr. Robinson:

I wish to express my very great appreciation of the kindness shown to me by Mrs. Robinson and yourself. I have not enjoyed a visit in any home this year as much as I did at your home. I was very much delighted with your children. I was telling Mrs. Ferguson that it didn't seem to me you would want to make any change whatever in them if you had the opportunity to make them according to your ideals. I feel sure that you will have an increasing pleasure and satisfaction in your children as they develop. The kind of satisfaction you get may change; the grown up boy or girl can never be to you what the children are now but I think you will agree with me as the years pass on that your interest in your children will grow rather than diminish.

Mrs. Ferguson and Alice Catherine asked me all sorts of questions about your family and your church and were very much pleased to hear from you all. With kind regards to Mrs. Robinson and yourself, I remain

Yours sincerely,

W. D. Ferguson
